Dear Paul,

Information request

Reference number: FOI2015/00632

Thank you for your request of 27th July 2015. You requested the following information:

“Please can our rail group be told how much the cost was for the new signaling trunking and tarmacing of the Cleethorpes platform at Brigg Station.”

I have processed your request under the terms of the Freedom of Information Act 2000 (FOIA).

I can inform you that we have searched our records and we do not hold the information you requested.

For your information, this work may have been undertaken as part of the £80m upgrade of North Lincolnshire’s Signalling system. However, the breakdown of the project does not appear to go down to the level of the cost of trunking and tarmacking of particular stations. However, to advise and assist you, please note that typically, the rate of ~£100 per metre is typical for such works.

If you have any enquiries about this response, please contact me in the first instance at FOI@networkrail.co.uk or on 01908 782405. Details of your appeal rights are below.

Please remember to quote the reference number at the top of this letter in all future communications.

Yours sincerely,

Catherine Leach
Information Officer
